U Professional Summary

Motivated frontend developer focused on creating responsive, accessible, and high-performance web applications. Experienced in building practical projects using React, Next.js, TypeScript, JavaScript, Tailwind CSS, Express.js, and MongoDB.

I am passionate about modern web development and continuously improving my technical knowledge. I am eager to contribute my skills, learn from experienced development teams, and grow through real-world projects.

P Personal Projects

Bank Loan Calculator

[Live Demo](#) ↗

FRONTEND WEB APPLICATION

An interactive loan calculation platform where users can enter a loan amount, interest rate, and payment term to calculate estimated monthly payments instantly.

- Calculate monthly loan payments instantly
- Interactive controls for loan amounts and payment terms
- Responsive financial data visualization
- Modern and accessible user interface

Technologies: React.js, Material UI, Emotion, Styled Components, Chart.js, and Tailwind CSS

Tile Gallery

FULL-STACK WEB APPLICATION

A tile discovery and collection platform where users can browse different tiles, view complete information, save favorites, and manage personal collections.

TECHNICAL SKILLS

Front-End

Next.js, React.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, DaisyUI, HeroUI

Back-End

Node.js, Express.js, MongoDB

Development Tools

GitHub, Vercel, Visual Studio Code, Antigravity

Soft Skills

Public speaking, communication, problem-solving, teamwork, and continuous learning

Experience & Education

Professional background, learning journey, and reference information.

E Independent Development Experience

I build and improve practical web projects through independent development and structured coursework. My work focuses on user-friendly interfaces, responsive layouts, authentication flows, API integration, and maintainable frontend architecture.

- Translate design ideas into responsive interfaces for mobile, tablet, and desktop
- Build reusable React and Next.js components with TypeScript
- Integrate APIs, authentication, and database-backed features
- Deploy and maintain projects using GitHub and Vercel

G Educational Qualification

Alim (Qawmi) - Kafiya Jamaat

ENDED

Jaharpur Al-Fatah Darul Ulum Qawmi Madrasa

Jaharpur, Barpara, Bandar, Narayanganj

I studied up to Kafiya Jamaat.

Secondary Education - Class 9

RUNNING

Cauliflower English High School

Farmgate, Dhaka, near Holy Cross
